

Dear fellow sailors,

As the evenings get nice and long it is time to start sailing again. Just like previous years, every Tuesday until end September (possibly some other days), all active members of the Syvstjernen Sailing Club can improve their sailing skills as either crew or skipper. The crew evenings are focused on people who are new to sailing as well as those who are preparing for their skipper approval. I have put all the info in a FAQ format:

**Where and when?** Every Tuesday, we will meet up at 17h at the boats at Langelinie Lystbådehavn and depending on many conditions we will return to land between 20h and 21h.

**How are we grouped?** We aim at getting as much people on the water as possible. All boats could have up to 5 crew members and a skipper, but we expect that when we get further in the season (when the initial spring popularity has died down a little) there will get a bit more room on board. We strive to put people together with similar experience level.

**What if it is bad weather?** We are real sailors so we will go out in rain, wind or even on windless warm days. The skipper decides however if it is safe or not to go out. Do make sure you wear the appropriate clothing.

**What if I am prone to seasickness?** Make sure your skipper is aware of any medical condition you might have before the start. Specifically, for seasickness, please bring travel sickness pills with you and use them when in doubt. Alternatively, your skipper will make sure you work your butt off so you will not get the chance to feel seasick.

**How to sign up?** Both crew and skippers will have to sign up on the Klubmodul website. Please see the 'how-to-sign-up' manual on the attached page. You can sign up max few days in advance. Sign up closes on Sunday evening so that lists can be made on Monday and everyone knows whether to bring their "wellies" and "sydvest" the next day.

**How do I know if I am assigned to a boat?** We will send out a mail on Monday with the distribution per boat. From that moment your skipper gets the responsibility and will keep you posted in case of any last-minute changes or more specific info for your trip.

**What if we are too many?** It happens occasionally that not all crew can be assigned to the boats due to lack of boats or skippers. The "rolling guidelines" are 1. Dueligheds-class graduates of the year 2. People that have not made it to the list the week before

**What if we are too little?** As long as there is one skipper and two crew members, there will be a crew evening. We don't expect a crew evening to be cancelled due to low participation.

**What if our skipper falls ill last minute?** Either I try to find another skipper to take the boat you're on, out. Alternatively, you will be divided over other boats based on above priority guideline. If you decide to show up anyway and hope, there is a free spot you may do so but with the risk you might not get on board after all.

**What if I cannot make it?** Before Sunday evening, please un-subscribe from the crew evening by sending an email. This is essential. We hope to automate it soon in the klubmodul website. If you are forced to cancel on Monday or Tuesday, please let your skipper know as soon as possible.

**Note for skippers-to-be:** Sailors that are preparing for their skipper approval should use the crew evenings to practice their skipper skills prior to their approval sail. It will also help to get the required recommendations from the different skippers, needed for the approval. They will

be assigned to a crew evening and will act as skipper under the guidance of 'real skipper'. It is recommended that you have ticked off all the 'skills' already before signing up for these sails. Please reach out to the crew evening organizer if you qualify for being a skipper-to-be. If you have any more questions, don't hesitate to reach out.

The screenshot shows the registration page for the Crew evening event. The header is the same as the previous page. The main content area is divided into three sections:

- DESCRIPTION:** "Crew evening, please enroll as either Skipper or Crew, and please tick the Duelighedsclass 2016 if you are eligible. Priority will be given to Duelighedsclass 2016 graduates, others as per availability." It also states: "Signing up does not necessarily mean you are on the list. A confirmation email will be sent on Monday with the final list per boat. From that moment, the skipper of your boat takes over responsibility."
- REGISTRATION:** "You are about to register (Dies Wednesday)". It lists the event details: "Event: Crew evening", "Start date and time: 10.05.2016 kl. 17:00", "End date and time: 10.05.2016 kl. 21:00", "Place: LLB", and "Registration Deadline: 27.04.2016 - 08.05.2016". Then select if you're crew or skipper and if you have just obtained your 'Duelighedsbevis'. Don't forget to click on accepting the terms and list of participants. Finally click on Pay here.

Note that the price will and should read 0,00 KR. Obviously no money will be credited from your card.

Finally, you will get below receipt. Again, I would like to remind that this does not necessarily mean that you will get a spot. Wait for the final confirmation where all boats will be mentioned with skipper and crew. From that moment on, your skipper is responsible.
